## SUMMARY

Hello! I'm a fifth-semester Computer Science student at Bina Nusantara University, specializing in Database Technology. Proficient in multiple programming languages and three communication languages, I have leadership skills demonstrated through successful team management in various projects. Eager to learn, I stay updated with the latest tech trends and am enthusiastic about applying my skills to contribute meaningfully to the field. Excited for collaborative opportunities and always ready to embrace new challenges. I am currently seeking internship opportunities for positions in front-end development, backend development, and software engineering.
